RESPONSE

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Dear Examiner Ibrahim:

Thank you for the Office Action dated Apr 20, 2004. Please enter these amendments:

also, *In re Wands* (8 USPQ2d 1400 (Fed Cir 1988), "Even if we were to accept the PTO's 2.8% success rate, we would not be required to reach a conclusion of undue experimentation"; see also, *Atlas Powder Co.*, 224USPQ409,414 (Fed Cir 1994).

For good measure, we provide herewith an expert declaration from a University of California Professor averring to the foregoing. The Declarant/Professor is knowledgeable of the dispositive factual determination of what one skilled in this art would and would not consider undue experimentation

The Examiner is invited to call the undersigned if she would like to amend the claims to clarify the foregoing or seeks further clarification of the claim language.

We petition for and authorize charging our Deposit Account No.19-0750 all necessary extensions of time. The Commissioner is authorized to charge any fees or credit any overcharges relating to this communication to our Dep. Acct. No.19-0750 (B99-085-1).

Respectfully submitted,
